  - Possible 2 more in security area (NSA Grant)
  - Material will be in CTC repository
  - Courses to be offering Spring 2018
  - Mentor training and recruitment
  - Possible grant partnerships
- Finalizing tuition model
- About 10-12 schools have formally expressed interest in partnering/mentoring so far

# Articulation

- Finalizing model agreement over summer
- Hope to have workshops in Fall/Spring
- Can provide assistance in summer/fall/spring

# What are you doing in regards to IT degrees and Articulation?

# Workshops and Training

- Planning to hold training workshops for mentors prior to Spring Courses and then next summer
- Planning to hold a workshop (virtual) on developing articulation and reviewing template agreement
- Planning to hold more BAIT planning and info workshops (some virtual) in Summer and Fall
  - Session at HiTech so encourage university and CC friends to attend to learn more

# Recruiting

- How can we recruit others to this group??
- What other tasks should we undertake to make it attractive and beneficial?

# Partner Needs

- What can we provide / build / do to benefit your programs and students?

# Questions and other discussion
